

1850 Jackson County, West Virginia Census (Casto Families)

I have tried to keep the spelling that is on the original census; but, sometimes I have had to guess at what was written. In that case, I have used other records, I have researched and added in parenthesis what I believe to be the correct name. I have also added in parenthesis the maiden name of the wife when I know it. Usually if I have a maiden name of the wife, I also have a family group sheet on that family. The two numbers before the head of household is the dwelling number and the family number. If you have any questions concerning these records, please feel free to [e-mail me!](#)

Dru

<u>Page 2</u>	Casto, Abram	through	Casto, Empsey
<u>Page 3</u>	Casto, George	through	Casto, John M.D.
<u>Page 4</u>	Casto, Jonathan	through	Casto, William

Interesting note about this census:

There were 26 Casto households listed.

The oldest Casto was 63-year-old John J. Casto,

There was only one Casto man not listed as a farmer and that was 28-year-old Isaac Casto, son of Jonathan and Magdalena (Weatherholt) Casto, who was a constable.
