

## 1860 Jackson County, West Virginia Census (Casto Families)

I have tried to keep the spelling that is on the original census; but, sometimes I have had to guess at what was written. In that case, I have used other records, I have researched and added in parenthesis what I believe to be the correct name. I have also added in parenthesis the maiden name of the wife when I know it. Usually if I have a maiden name of the wife, I also have a family group sheet on that family. The two numbers before the head of household is the dwelling number and the family number. If you have any questions concerning these records, please feel free to [e-mail me!](#)

UPDATED September 12, 2000

In a recent comparison of this census to the actual one, I found where I have not included several Castos. The new names added are:

- David Casto, age 21, single, living with Jacob and Minerva Wetherholt—laborer (census page 508)
- George R. Casto, age 15, single, living with Gable and Nancy Bowles—farm laborer (census page 489)
- Henry Casto, age 19, single, living with Levi and Elizabeth (Murphy) Rollins—no occupation given (census page 522)  
(Levi's mother was Lucretia Casto, who married Elijah Rollins in 1806)
- Nicholas L. Casto, age 24, wife Margaret (Koontz), age 21, and son P.S. (Pleasant Summers), age 1. (census page 498)
