

Casto Connections Proudly Presents....

1880 Jackson County, West Virginia Census (Casto Families)

As part of my on-going project to share what 1880 census records I have with other Casto researchers, I have entered all the Castos that were living in Jackson Co. in 1880 (according to the census). To make these records easier to access, I have made the following list to help you narrow down your search.

Later additions to this area of the Casto web site will include the entire Index of Castos from the 1880 census, regardless of county, as well as listing some of the allied families I have on hand.

What makes this so easy for me to do is the fact that the Huntsville Public Library (close to where I live) has the entire 1880 West Virginia Census in a series of printed books (about 14 volumes), including an alphabetical index. If anyone would like me to look up a family, please let me know!

Danita
